

February 14, 1950.

Dr. Alexander Hollaender,
Oak Ridge National Laboratory,
P. O. Box P; Oak Ridge, Tenn.

Dear Dr. Hollaender:

This is to confirm that I have flight reservations for 2/27/50, by Delta Airlines, to arrive at Knoxville 10:53 AM, EST. If weather forbids the flight, I will probably leave Chicago Sunday night, and will wire you.

I am not clear whether you require that tax not be paid for reimbursed travel. Tax exemption certificates are available here, but I am not clear whether the National Laboratory is regarded as a federal subdivision for this purpose. The enclosed post card will facilitate a reply.

Sincerely,

Joshua Lederberg
